Total Customers	Active Customers	Churned Customers	Churn Rate	Monthly Revenue at...	Avg Monthly Charge

KEY BUSINESS FINDINGS

- 1. Month-to-Month contracts have the highest churn rate.
- 2. Frequent service calls are associated with higher customer risk.
- 3. High-charge customers represent greater revenue exposure if they churn.
- 4. High-risk customers represent a priority segment for retention, with 423 customers currently classified as High Risk based on the rule-based risk scoring system.

RECOMMENDATIONS

- 1. Contract Retention
Target Month-to-Month customers with suitable contract upgrade offers.
- 2. Service Intervention
Contact customers after repeated service issues and resolve problems proactively.
- 3. Protect High-Value Customers
Prioritise high-charge customers who are also classified as high risk.
- 4. Retention Watchlist
Use the customer-level watchlist on Page 7 to investigate and contact individual high-risk customers.

BUSINESS ACTION

- Contract Retention
 - Identify Month-to-Month customers at risk
 - Offer appropriate longer-term plans
- Service Intervention
 - Identify customers with repeated service calls
 - Investigate and resolve service problems
- High-Value Protection
 - Identify high-charge + high-risk customers
 - Prioritise them for retention campaigns
- Retention Watchlist
 - Open Page 7
 - Review individual customer details
 - Take targeted retention action
